CARAT

Design Lena Bergström · 2009

The Carat candle holder is a modern take on cut crystal with a stem creating a sense of jewels. There is a balance between the steady base and the asymmetric. The metal ring at the top is a contrast to the crystal and it protects the glass from the melting stearin.

The candle holder is available in clear crystal which comes in different sizes. Perfect to combine on the set table.

“The black candle holder brings drama to the whole Carat collection. I associate the blackish gray color to anthracite. It’s a special rock, a type of coal, just like diamonds”

– Lena Bergström

THE SPARKLING DEVIL

Design Gunnar Cyrén · 2018

After Gunnar's passing in 2013, his sons found a large number of sketches. Eight of these have been chosen for the collection Sparkling Devils.

A new glass is launched each year until the collection is complete. The new glasses have the same colorful, characteristic appearance as the popular snaps glasses and are real eye-catchers. They are also based on the same glass craft – each glass is mouth-blown in Kosta and hand painted with real 22-carat gold.

Sparkling Devils is a tribute to Gunnar Cyrén's unique heritage and expression, but it is also an opportunity to pass on the hand-crafted glass to new generations and collectors.

ANNUAL ORNAMENT

Design Lisa Hilland · 2021

Orrefors Icicle Christmas Ornament is inspired by nature in northern Sweden, where designer Lisa Hilland has her roots.

"I remember my childhood Christmases in Jämtland, northern Sweden. Nature was covered in frost, ice and snow, the forest enchanted, breathtakingly beautiful. I remember playing outside waiting for Christmas celebrations to start. This childhood memory stayed with me in my heart and when Orrefors asked me to design a Christmas ornament I immediately thought of the snowy Christmas landscape of my childhood."
